SIENA

Recessed downlights

SIENA redefines recessed ceiling lighting with a minimalist, flush design that integrates seamlessly into architectural spaces. Built with **IP66** protection and **IK07** impact resistance, it ensures **reliability** and **durability for both indoor and outdoor use**. With **two sizes (6.25 inches and 7.87 inches)**, **multiple wattages** and beam options, and **efficiency up to 128 lm/W** SIENA offers the perfect balance of **visual comfort, performance**, and **versatility** — a new standard in recessed downlighting.

128 lm/W

Up to 128 lm/W
system efficiency

>85% recycle

*The non-recyclable materials are plastics and
some electronic components.
